## Sidewalk Bazaar Shapes Up As Festive Occasion

The Clan McPherson Bagpipe Band, which proved to be such a popular attraction last year during the annual Sidewalk Bazaar, will give performance Friday evening, June 21, during this year's Bazaar. It was announced today by Robert Phinney, chairman of the Andover Board of Trade's Retail Committee, which is sponsoring the event.

The band will appear through the sponsorship of the Bay State Merchants National Bank's Andover Branch and will conduct their concert and exhibition in the vicinity of the Bank.

Another interesting and unusual attraction this year will be a display of an IBM 083 sorter by the Andover Institute of Business which will be set up to answer unique and interesting questions concerning the history of Andover. Mrs. Charles (Bessie) Liponis has been spending many hours researching facts about Andover and

will supervise this display, Phinney stated. The sorter will be located in front of The Olde Andover Village.

Fourteen local organizations have already reserved space to sponsor various types of booths to raise money for their favorite charity or activity. Several additional organizations will participate this year, Phinney said, making the Bazaar the biggest one to date. The committee is working to obtain several other

## Will Fill Vacancy On Board Of Selectmen

### Meyers Issues School Warning

All areas of town government have been advised by School Committee Chairman Dr. Milton J. Meyers that school building needs in the next decade may take precedence over all other building construction.

He took the position after seeing an analysis of the school needs through 1972 - any one of several ways of solving the housing requirements will cost over five million dollars.

By 1972, the school department will have 6,256 children to house - 3,857 in elementary grades, 1,324 in junior high and 1,075 in the senior high.

(Continued on Page Six)

The Selectmen will probably appoint a fifth member of their Board, following the resignation of B. Allen Rowland.

The town charter allows the remaining members to make an appointment to fill a vacancy, with the appointee serving until the next annual election.

Chairman James D. Wilson said Tuesday morning that he assumes the Board will "assume its prerogatives" but he anticipates that nothing will be done for 10 days or more. Both Mr. Wilson and Selectman Philip K. Allen will be out of town for a week or so, accounting for much of the delay.

Mr. Rowland cited personal reasons, in his letter of resignation. It was accepted "with regret" by the Board.

## Open House Planned June 5

All residents of the town are invited to attend the third annual open house, conducted by the Employees Association, June 5.

The Wednesday date was announced by Association President Raymond S. LaRosa. Tours of the town facilities will be held between 10 a.m. and noon, and again from 2-4 p.m. All buildings, including the highway department facilities on Lewis st., will be open during the day.

Serving on the Committee for the event are Town Treasurer Miss Anna M. Greeley, John Fairburn, Tree Supt. Philip Busby, Town Engineer Thomas F. X. Flynn, Officer Duncan Cairnie, Librarian Miss Miriam Putnam and Mrs. Elizabeth Nadeau, R.N., of the Board of Health.

Departments within the town expect to demonstrate equipment and set up table displays explaining how the departments operate.

## First Student Is From Norway

Gunnar Solbraa, an 18-year-old boy from Oslo, Norway, will arrive here about Aug. 15 as the first American Field Service International Scholarship recipient for Andover.

American Field Service Andover Chapter has announced that he will live in the home of Mr. and Mrs. Herbert T. Lake, 22 Greenwood rd., for the school year.

Gunnar has traveled in France, Italy, Austria, Denmark, Sweden and Iceland in addition to his native Norway and is anxious to see the United States. He speaks and writes English fluently, having studied it for the past six years. He also speaks German and French. Like so many Scandinavians, his favorite sports are skiing, track and cross country racing. Andover

## Margaret Lane Accepts Assignment In Turkey

IN FAMILIAR POSE - Miss Margaret Lane, Children's Librarian at Memorial Hall Library, will be going to Turkey this summer, to work in a library there. Here, she is photographed in a familiar pose, helping young people with library research. The girls are Susan Walton and Phyllis Apitz. (Staff Photo)

Miss Margaret Lane, children's librarian here since 1945, will sail Aug. 19 for the American Academy for Girls, Uskudar, Turkey.

Why? She has a basically simple reason - "Because we've got to get acquainted with other people; we need to know them a lot better than we do. Then we'll be better friends".

Miss Lane's appointment as librarian at the girls' school has

been announced by the United Church of Christ Board for World Ministries. She'll serve for two-three years in the post, doing what now comes most naturally - helping young people with their reading and research problems.

Miss Lane admitted she's a little apprehensive about the change, but, she commented, "children are about the same everywhere".

All she has to do, between now and Aug. 19 when the SS Mauretania sails, is learn Turkish.

And that's quite a chore. The language is quite different, and Miss Lane grimaced a bit when she's finding it hard. But she hopes to talk with some people locally who know the language, and is starting her studies in a modern text.

Familiar to most local residents who've used the library during the past few years, she is best-known to the community's young people. Pre-schoolers know Miss Lane as a story-teller, whose vivid and imaginative reading is a lot of fun. And as the children have grown older, and needed reference material, or just reading material for pleasure, it's to Miss Lane that they have turned.

Actually, she'll be doing the same type of work in Turkey. Many of the standard texts used in the girls' school are in English, and quite a few subjects are taught in our language. But it's necessary to know Turkish to handle the job properly.

The young people in the school won't be quite as young as those she's been reading to here - the girls begin sixth grade at the school, and continue through high school. About 500 attend the school, with a Turkish and American faculty.

Miss Lane, a native of Cambridge, was educated at Wellesley College and Columbia University Library School. Besides her tenure here, she has worked in libraries in Brookline and Brockton, also in Plattsburg, Delmar, Potsdam

Active in the First Congregational Church in Boxford, she also serves as curator of books for the Historical Society there, and has served as a girl scout leader in that community.

Uskudar, where she is going, is on the Asiatic side of Turkey, a short ferry ride across the Bosphorus Strait from Istanbul, which is on the European side. The population of Uskudar is about 60,000.

When she gets there, Miss Lane will have only a short orientation course behind her. Slated to take a month's course at the interdenominational Missionary Orientation Center in New York, Miss Lane commented: "It's nice to be in two places at once. But I'll be here right to the end of July, so it looks as though I'll get my orientation aboard the Mauretania, on the way".

## Roberts To Be Featured Speaker

JAMES G. ROBERTS

James G. Roberts, executive vice president of the Greater Boston Chamber of Commerce, will be the featured speaker at the Andover Board of Trade's annual dinner June 13, it was announced by Edgar C. Haselton, chairman of the Dinner committee.

"We are extremely pleased that we were able to obtain the services of such an outstanding speaker for our first annual meeting as a division of the Greater Lawrence Chamber of Commerce," Mr. Haselton stated. Mr. Roberts is highly regarded in the Chamber field for his thinking on the roles local chambers and businessmen must play to survive, and was selected to be the keynote speaker at the American Chamber of Commerce Executives annual meeting held recently in California.

After discharge from the Air Force, where he served as a bombardier over Italy, France and Germany during World War II, Mr. Roberts began his career as a professional Chamber executive in a small city in West Texas. He was the youngest Chamber executive in the Lone Star State.

In 1952, the United States Chamber of Commerce selected Roberts as manager of a newly created district covering the states of Oklahoma, Arkansas and Missouri. Later in 1953, he was appointed as manager of the U.S. Chamber's Southwestern Division with offices in Dallas and was the youngest man ever appointed to a Divisional Managership by the U.S. Chamber.

In September of 1958, he joined the Greater Boston Chamber of Commerce as general manager and was subsequently appointed executive vice president. In this position he is presently responsible for 45-person staff and a budget of half a million dollars in one of the nation's largest Chambers. Tickets for the annual dinner will go on sale next week, according to Mr. Haselton. The dinner will be held at the Andover Country Club, starting with a social hour, at 6 p.m. Thursday evening, June 13.

Mrs. Albert Foden of Wild Rose dr. is spending a week with her son and his family, Mr. and Mrs. Donald Foden of Westford.

## Bird Walkers Saw 46 Species Sunday

Thirty birders recorded 46 species and 156 individual birds last Sunday, as the Merrimack Valley Bird Club held its last bird walk of the season at Stearns Pond in the Harold Parker State Forest.

The walk, under the leadership of Mrs. Waters Kellogg, was one of many sponsored by the Massachusetts Audubon Society as the culmination of Audubon Week. The good weather following the storm of Saturday failed to produce as many species or individuals as hoped for.

Birds listed on the walk follow: Canada goose 8, ruffed grouse 1, spotted sandpiper 1, herring gull 1, flicker 2, great crested fly-

catcher 6, phoebe 3, least fly-catcher 4, tree swallow 3, barn swallow 3, blue jay 6, crow 4, black-capped chickadee 12, white-breasted nuthatch 1, house wren 1, catbird 8, robin 1, wood thrush 2, gray-cheeked thrush 1, veery 1, starling 2.

Yellow-throated vireo 2, red-eyed vireo 6, black-and-white warbler 4, golden-winged warbler 1, Tennessee warbler 1, yellow warbler 1, magnolia warbler 1, black-throated green warbler 9, Blackburnian warbler 1, chestnut-sided warbler 1.

Prairie warbler 1, ovenbird 7, yellowthroat 4, Wilson's warbler 1, Canada warbler 2, American redstart 3, redwinged blackbird 6, Baltimore oriole 8, grackle 6, brown-headed cowbird 2, scarlet tanager 2, rufous-sided towhee 12,

chipping sparrow 1, swamp sparrow 1, song sparrow 2.

## ATTEND BALL GAME

Over 20 members of the Senior High Pilgrim Fellowship of the West Church attended the double header baseball game last Sunday afternoon, between the Red Sox and the Kansas City Athletics.

## Extra 5% CASH saving ANYONE?

In addition to the 2.8% CASH purchase refund recently paid, the Andover CO-OP offers you an opportunity to make a worth-while CASH saving for the CASE purchase of several broad lines of goods.

A cash saving of 5% is substantial in the highly competitive food business with its low prices. If you invest \$100 in stocks or bonds, you would have to wait a year to earn 5%. But if you buy by the CASE at the CO-OP, you get an INSTANT saving of 5%. You could pocket this difference tomorrow!

Among the many goods subject to this extra 5% CASH saving are: all CO-OP brands, canned vegetables, fruits and juices, some canned meats, frozen foods, beverages, dog and cat foods, paper goods and many others. The number of units in a case varies from six to 48.

If you are interested in saving this kind of cash on the spot, see our Mary Angus or Ray Fuller for the exact details.

Note how CO-OP savings can add up:

2.8% plus 5% equals 7.8% CASH

## Plans Ready For Clown Town

Final arrangements have been made for the annual Clown Town, to be held Saturday, May 25, at the Andover Playstead, under the sponsorship of the Andona Society.

As a preview of the gay event, members and children will participate in a parade Friday, May 24, at 3:30, driving through the main streets of town.

The merry-go-round, ferris wheel and the rock and roll are among the rides that will be featured. There will be many other games, pony rides, balloons,

grabs, a white elephant table, and for the hungry, many refreshments including snow cones and cotton candy.

The "big show" this year will feature the magical clown, Ring-A-Ding, who will bring with him his funny friends, Sam the Tramp, Toby Tolliver and Orbit. He will present a program of comedy, magic, games and contests and his famous "Balloonatic" act. Tickets for this event to be held at 2 o'clock in the Memorial Auditorium, may be purchased in advance at Kenneth P. Thompson Co. and at Liggett's Drugs, as well as from Andona members.

Co-chairmen of Clown Town are Mrs. Boyd Bellinger and Mrs. Paul Gyrsting, with the following committee members in charge: Mrs. William R. Thomas and Mrs. Richard Mower, co-chairmen of the Ring-A-Ding show; Mrs. William E. Caffray, rides; Mrs. J. Kevin Collins, hot dogs; Mrs. Robert Hinman, snow cone machine; Mrs. Phillip Ryder, grabs; Mrs. Robert E. Look, bakery; Mrs. Joseph Dorsey, balloons; Mrs. Charles P. Howe, ice cream; Mrs. Joseph M. Normandy, games; Mrs. Edward Murphy, white elephant; Mrs. Glenn Grubbs, pop corn; Mrs. Peter B. Olney,

cotton candy; Mrs. Burton Jenkins, pony rides; Mrs. Robert Clifton, cleanup; Mrs. Thomas Dye, publicity; and Mrs. Edgar Joiner, finance.

Proceeds from Clown Town, Andona's final project of the season, will go towards the established scholarship for an Andover High School senior. The group will continue to supply equipment and instructors for the Andover Youth Center.

## 3 Chosen To Raise Funds

Three Andover residents are among the Northeastern University alumni leaders chosen to assist in N.U.'s \$40,000,000 Diamond Anniversary Development Program.

According to an announcement by N.U. President, Dr. Asa S. Knowles, Donald K. Ellsworth, 36 Linwood st.; Edward F. Parker, 26 Strawberry Hill rd.; and Herbert M. Johnson, 38 Enmore st. will serve as team captains in the general solicitations phase of the Alumni Program. They will play key roles in the activities of the largest voluntary organization in N.U.'s history.

More than 3,000 volunteers will participate in the Alumni Program, contacting over 34,000 alumni. This is part of the nation-wide campaign which will enable Northeastern to more than double its academic facilities and nearly triple the size of its faculty by 1973, its 75th (diamond) anniversary.

Ellsworth, an engineer with the Massachusetts Electric Company in Lawrence, was graduated from Northeastern with a bachelor's degree in electrical engineering. He is president of the Junior Chamber of Commerce.

Manager of engineering standards in the General Electric Instrument Department in Lynn, Parker holds a bachelor's degree in chemical engineering from Northeastern and a master's degree in management and engineering from Rensselaer Polytechnic Institute.

Johnson, a sales engineer at the D. H. Litter Company in Ballardvale, received a bachelor's degree from Northeastern's College of Engineering.

## Study Group To Meet In June

A meeting in early June is planned for the committee to study and analyze the town's form of government.

Chairman Robert A. Watters has written other committee members, notifying them that a mutually-acceptable date will be chosen early next month, after he returns from a trip.

Mr. Watters noted in his letter that the subjects to be studied may be controversial, but expressed the hope that "in a spirit of democratic objectivity we shall be able to perform the task allotted to us".

Meanwhile, he suggested that individual members of the committee talk to as many townspeople as possible, to get their ideas on the form of government.

## WINTERS WILL ENTER WENTWORTH

An Andover resident has been accepted for admission to Wentworth Institute in Boston this fall, for the 1963-'64 academic year, according to announcement by Dr. H. Russell Beatty, Wentworth president.

Accepted for September admission is John P. Winters, 47 Enmore st.

## Promoted To Vice President

EDGAR C. HASELTON

Edgar C. Haselton, of Boston Hill rd., North Andover, has been named a vice president of Smart & Flagg Inc.

Associated with the firm for 16 years, his promotion was announced on the anniversary of his initial employment with the agency.

Mr. Haselton began his insurance career with the Fireman's Fund Insurance Co. in Boston, where he started as an office boy. He attended Insurance Library Courses at night and received honor marks, some of which have not been equalled since that time. At 20, he was sent to Syracuse, N. Y. to supervise that territory for the Fund, one of the youngest special agents ever appointed by the organization.

Locally, he is a member of the Service Club, Board of Trade, Kiwanis and the Andover Sportsman's Club.

## Plan Discussion About Parking

The Selectmen may meet with Raytheon officials June 3, at the plant, to talk once more about parking problems.

The Board agreed Monday that a discussion on the site would be better than one held in town hall, and asked that all affected department heads be in attendance.

They will discuss ways and means of issuing a parking permit for the firm, for land that may be purchased behind the plant from Bernard Champy.

Problems of access to the land will also be talked over, including the suggested state access road onto High st. or Waverly rd., North Andover.

## YOUNGSTER HOME

The Cornelius Sullivan family of Alderbrook rd. were very happy May 17 to welcome home little Neil, 2 1/2, who had spent a week in Bon Secours Hospital.

A bad bronchitis with a tiny spot of pneumonia was the diagnosis.

# **Cases Continued Until June 3**

As a result of a disturbance on Park st. Monday night, one local man and 13 teen-agers appeared in District Court Tuesday morning, and had their cases continued until June 3, on request of Police Chief David L. Nicoll. Freed in \$100 bail, on charges of disturbing the peace, were Vincent D. Treanor 3rd, 27, 35 Osgood st.; Dennis J. Deeb, 19, 186 Spruce st.; Lawrence; Robert M. Kneeland, 19, 78 Myrtle st.; Lawrence; Christer S. Widenlov, 18, 15 Bow st., Danvers.

Two of six juveniles, arraigned on a delinquency charge, were also bailed. Juveniles unable to provide bail were committed to the Youth Service Board.

Others arraigned in the adult session were Wayne Faust, 17, 17 Kirk st.; Methuen; Ervin N. Parker, 17, 116 Union st., Lawrence; Richard L. DePetrillo, 19, 10 Saunders st.; Lawrence; and Alfonso V. Wilbins, 17, 199 Elm st., Lawrence.

Chief Nicoll asked for the continuance to allow further investigation of a report that someone had a gun. He said a number of items that could be used as weapons were also confiscated. His request came after all but three of the adults had pleaded guilty to the charge. Pleading not guilty were Treanor, Deeb and Widenlov.

Officer Donald Howard rounded up the group Monday night, and was assisted in the investigation by Sgt. Raymond Collins.

# **Hauling Rate Of 22 Hourly**

Ten-wheel gravel trucks could be running at a rate of 22 an hour under the Abbott Bridge, at Andover st., during peak hauling operations by the White Construction Co.

A spokesman for the firm told the Selectmen Monday night that gravel for the top foot of Route 495 construction will be taken from the Reed property on Argilla rd.

At best, he stated, trucks can be loaded at the 22-an-hour rate. But not all of the hauling will be at this speedy pace, he advised the Board.

In fact, use of the gravel will be spotty, and probably will not get into high gear before next spring.

The firm plans to use Andover st., under the "horn" bridge, Lupine rd., Railroad st. and Route 28 for all of its operation.

The spokesman said it is three times as long to go out to Route 93 and north to the Route 495 connector which was finished last year. Even the section of road under construction at Chandler and Greenwood rds. will be serviced via the outlined route, with trucks utilizing Beacon st. when necessary. It was explained that this portion of the work might not take more than two weeks, however.

The Selectmen, with Police Chief David L. Nicoll in attendance, indicated that special police must be used at the railroad bridge if trucks are going to be moving at the rate of one every three minutes. It is also possible that officers will be needed at other key intersections, including Railroad and North Main.

Chief Nicoll was given authority by the Board to take action on the problems as warranted by experience.

# **MEYERS WARNS OF SCHOOL NEEDS**

(Continued from Page One)

The School Committee and architect Frank Crimp are studying various solutions to the housing problem - but however the schedule of new construction is arranged, they agree that the total housing needs remain the same.

There are various alternatives for the Committee to study - ranging from a new high school plus elementary schools, to a high school addition, new junior high and new elementary schools. The present 6-3-3 system could be changed to a 6-2-4, to accommodate the students in buildings.

The figures used by the Committee result from both a local statistical study and one done by the state. Members of the Committee agree that the population projections to 1972 are valid - actually may be on the conservative side.

At a meeting early in June, the Committee will again meet with Mr. Crimp to further refine the various choices confronting the Committee. Members have expressed the hope that a specific proposal can be presented to the annual town meeting in 1964 for the first step of the long-range plan.

# **Two Named By Selectmen**

John R. McLeod and Robert Phinney have been named to the town's Industrial and Development Commission by the Selectmen.

Mr. McLeod is public relations director for Avco, and Mr. Phinney operates his own commercial establishment on Main st. He is vice president of the Board of Trade and chairman of its retail division.

## Winters Will Graduate In June

CADET ROBERT F. WINTERS

Cadet Robert F. Winters, son of Mr. and Mrs. Gerald J. Winters, who live at 4 Princeton ave., is scheduled to be graduated from the U. S. Military Academy at West Point, N. Y., June 5.

Cadet Winters will be commissioned a second lieutenant in the artillery and will receive a Bachelor of Science degree. He was active in the handball club and participated in the cadet choir and the cadet chapel acolytes.

Appointed to West Point by Senator Leverett Saltonstall, Winters was a cadet sergeant during his senior year.

The 24-year-old cadet is a 1956 graduate of Central Catholic High

School in Lawrence, and attended Merrimack College.

## Four Local Pupils At Essex Aggie

Four local students are now enrolled in the vocational guidance program at the Essex Agricultural High School in Danvers.

Nearly 200 eighth grade students in Essex County started the program during their spring vacation. At the end of this trial period, those selected for further training remained at the Agricultural High to complete their school course for which they receive full credit in their home school. Students who complete this program will enter as freshman in September.

The guidance program affords school officials an opportunity to obtain an adequate picture of a student's capacities for classroom work as well as sincerity of his interest and aptitude for a career in agriculture or in one of its many related businesses. Local students are Robert

Hamilton, Robert Carney, Timothy Drake and Stephen Kearn.

## Pack 100 Plans Pinewood Derby

Cub Pack 100 observed Circus Night in the Sanborn School, with Cubmaster Clinton Shaw as master of ceremonies.

One Den had its members dressed as clowns, one had a peep show and Den 3 recited the boy scout laws and promise, and attempted to make a fire out of flint and steel.

It was announced that the Pinewood Derby would be held May 25 at Camp Olympia, and the sale of first aid kits was very successful.

Badge and pin awards were made as follows: Carl Brooks, Wolf badge; Terry Bartow, one year pin; Phillip Iannazzi and David Watson, wolf badges; Clinton Shaw,

Lion and Webelo pin; John Danford, Webelo; Fredrick Brainard, two Silver Arrows, Lion, and Webelo; Kent Issenberg, Peter Ellis and Steven Cooper, Webelo; Daniel Quinn, Gold Arrow and

Wolf badge; John Birch, Wolf badge; Jeffrey McBride, Lion badge, Gold Arrow and Silver Arrow.

## Troop 90 Girls Planning Trip

Girl Scout Troop 90 is planning a camping trip to Camp Storrow in Plymouth, June 7-8-9.

The Camp is owned by Massachusetts Girl Scouts Inc., and at one time was used to train Girl Scout leaders. Now it has been converted for use as a regularly established Girl Scout camp. Conveniently located, it is south of Plymouth and about one mile from Route 3.

Leaders will be Mr. and Mrs. John Holmes of Strawberry Hill rd., Mr. and Mrs. Walter Morrissey of Whittier st. Mr. and Mrs. Frederick Krauss of Wildwood rd. and Mrs. Robert Hamilton of Harding st.

The girls will sleep in tents borrowed from St. Augustine's Boy Scout Troop. They will visit the Mayflower, "Plymouth Planta-

tion" and the Edaville Railroad. Sunday morning, they will attend the church of their choice. While at camp, they will do all of their own cooking outdoors, although in the event of rain other facilities are available. The trip is being financed through awards earned by the sale of Girl Scout cookies and calendars.

Plans for this trip have been approved by the Greater Lawrence Girl Scout Council.

## Will Approve Street Acceptance

The Selectmen and town manager have verbally agreed to recommend the acceptance of Rolling Ridge rd., at town meeting next year.

They told Arthur E. Read, a resident of the street, that the town will surface the road.

This apparently ended a long-time dispute over the responsibility for the street. The

Selectmen also agreed with the Planning Board that a bond, covering placing a bound and work on the road shoulders, can be released. The original contractor has done this work during the past few weeks.

Town Manager Thomas E. Duff reminded the Board and Mr. Read that the road was originally acceptable to the Planning Board and that the portion of the bond covering this work was released. However, so much time has passed since that time that the surface has broken up.

## EDITORIAL THOUGHTS

### Industry We Must Have

There's an increasing awareness on the part of the Selectmen that some industrial expansion is a requisite, if the town is to continue growing properly.

It is, after all, a certainty that the town will expand in its residential areas; but reasonable growth demands a proportion of new business.

Thus, because of their new outlook, the Board has been using great care in appointing members of the Development Commission, hoping that new ideas and new energy will result in some action.

However, it has been our observation for a long time that an ambitious program by the IDC is useless, unless all town boards and agencies are similarly oriented. To build up the town in the eyes of a potential industrial developer, or to sell the community's advantages to an individual corporation, is absurd, if this work is destroyed by anti-industry thinking in other parts of the official family.

There have been cases over the last few years when it appeared that negative thinking, evidenced by the type of conversations and the questions asked, actually convinced a potential industrial resident that this is not the place it's cracked up to be.

Let's all be enthusiastic rooters for industrial growth, otherwise the effort is wasted.

### Must Study Operations

We have been impressed with the arguments of some residents, who believe that the study committee recently appointed to take a hard look at our form of government may find the going tough, under ground rules set up by the Selectmen.

In particular, it is argued that the directive to stay out of the details of departmental operations, and personnel matters, puts a close hobble on the work of the committee.

This may well be true.

For we suspect that if there are corrections to make in the form we now have, those might well be in the way of improving operations of the government. And this may well involve changing departmental structure. We agree wholeheartedly, however, that personalities be kept out of the study — there's no room in this sort of undertaking for criticism based on personal feelings and bias.

In short, it seems that some investigation of the departments' operations under the charter would be necessary, in order to determine whether they are what the town needs and is paying for.

Let's not have the committee limited in its objectives to the point where its study is academic at best, and suggested improvements are entirely theoretical in concept.

The town's tax base, and thereby taxpayers themselves, can only benefit by adding substantial industries within our boundaries.

### \$5 Million Checker Game

The School Committee is currently playing a \$5 million game of checkers — only using new buildings, and numbers of pupils, on the board.

It's a fascinating game — and an expensive one. But it must also be remembered that it is vital to the future of the school system.

The Committee, with its architect, is moving buildings, educational systems, even grades back and forth on the board, trying to find the most logical answer to the problems created by growth. There are many ways to plan a building program; there are several types of buildings that can be constructed, at varying costs. But whatever the School Committee decides now sets the pattern for the future. If an addition to the high school is their decision, then other specific construction plans must inevitably follow in the next 10 years. If a new high school should be the answer, then other types of school buildings will be needed.

It's a complicated and vexing situation, particularly when any one of the answers will cost over five million dollars in the next decade.

But you can't back away from the fact that our school population will require the new structures, even on minimum estimates for the future.

We hope, as the vast checker game reaches a conclusion, that most people will take a long look at the over-

## AT THE LIBRARY

#### Coming Events

##### MAY

- 30 Library closed for Memorial Day.
- Ballardvale branch room closed.
- 31 Ballardvale room open from 2-5 and 6-8 p.m.

#### Programs Closed

The following programs at the library have been closed for the summer: The Great Books Discussion Group, The Andover Civil War Roundtable, all Littlest Listener programs in Andover and Ballardvale and the story hours. Summer story hour dates will be announced later.

#### Memorial Day

The Memorial Hall Library will be closed Memorial Day, May 30. All who wish may leave books in the street box or the door slot. Borrowers are reminded that magazines and recordings must be brought to the desk.

The Ballardvale room will be open the following day, Friday, for the usual hours, 2-5 and 6-8.

#### Did You Miss These?

Here are a few more titles that were awarded the honor of being on the Notable Book list for 1962. All may be borrowed from the library. The Artist's Voice, by Katharine Kuh — talks with seventeen artists: Arms and Arms Control, Ernest Lefever — a symposium giving traditional and dissident beliefs; Let My People Go, Albert J. Luthuli — a South African Negro's struggle against apartheid; Against The American Grain, Dwight MacDonald — essays on mass culture and "high culture"; Pale Fire, Vladimir Nabokov ironic novel-poem-puzzle with many levels of meaning; Ship Of Fools, Katherine Porter-modern allegory aboard a ship bound from Mexico to Germany; Morte d'Urban, James F. Powers — gently satirical novel about a wordly priest; A Long And Happy Life, Reynolds Price — sensitive story of a young girl's compromised dream; London Perceived, Victor Pritchett — text and photographs harmoniously pay tribute to a great city; Renoir, My Father, by Jean Renoir — warmly affectionate memoir of Auguste Renoir; The Culturally Deprived Child, Frank Reissman — helping underprivileged children through positive aspects of their culture.

#### Films For Fun

There are still three films on hand at the library for entertainment if your club needs an hour's good program. The Canadian travel films, all in color, run for just about that length of time, and show the scenes and the ways of the people of that interesting neighbor to our north. The films are My Island Home, Pay-Dirt Angling and Stampede Stopover. These will be available to groups until June 15, after which there will be no films for loaning until early autumn.

#### Prints

Did you vote for the prints that were hanging in the main reading room early this month? If so, you may be interested to know those that were most interesting to our viewers, who soon may borrow the winning group for home use. The

library is having a number framed and made ready to hang in Andover homes. As soon as estimates for framing are here we shall be able to announce how many and which ones we shall purchase. A word of appreciation to all those who expressed their interest and filled in the ballot.

#### Something Unusual

Did you see the two-volume work "The World Of Psychology" which was on display during National Library Week? Here are great writings of more than 60 psychologists, philosophers, novelists and poets from Plato to Freud and Jung; from Dostoevsky to Sartre, Kafka and Philip Roth. The basic writings of psychologists on childhood and innocence, blindness and deafness, fear and guilt, hysteria, compulsion, security, pleasure, freedom and power — are presented in theories and case studies. Then, each of these areas is enriched with a relevant piece of fiction which portrays the problem in its plot and characterization. Graham Greene writes of a boy's fear; Philip Roth contributes a brilliant study of religious guilt; here we find Dostoevsky's "Gambler"; Carson McCullers' tragic story of a deaf-mute symbolizes man's alienation, etc.

For an interesting application, fictionally, of the principles of psychology this book, edited by G. B. Levitas, is a pleasure.

## Down the Years with The Townsman

### 75 Years Ago — May, 1888

There is a plan being discussed by the Merrimack Insurance Co. and the Andover National Savings Banks for erecting a new banking house in place of the present building, but it is not certain of being carried out.

The Andover Christian Endeavor Union met Thursday evening, William Shaw, treasurer of the United Society, gave the address.

Last Friday afternoon, as Mr. and Mrs. James Grosvenor and one child were approaching the town farm in their carriage, near the railroad bridge, the cars went by and frightened the horse. The family was thrown out of the carriage in the resulting turmoil.

### 50 Years Ago — May, 1913

Franklin H. Stacey has moved out of his former quarters in the bank building and in the future will devote his time to the store in the Musgrove Building recently purchased from W. A. Allen.

Edward Lawson has completed his year's study at Lowell Textile. Mr. and Mrs. Frank Buttrick, Mr. and Mrs. David L. Counts, Misses Alice and Bertha Counts are spending the weekend at Hampton Beach.

George L. Burnham of North Andover has sold his milk route to John A. Jenkins.

### 25 Years Ago — May, 1938

Andover Grange met Tuesday evening to celebrate having become a "Model Grange" — one of two in Essex County and one of only nine in the state.

After 47 years of existence, the Punctard Alumni Association has reached a critical stage in its existence, with some of its directors urging that it be disbanded. An open meeting will be held June 6 for all interested members.

The Andover Playground Committee has re-appointed Miss Margaret Davis as playground supervisor for the summer, and has made numerous appointments to the staff.

The annual ladies night of the Service Club will be held June 9 at the Inn.

### 10 Years Ago — May, 1953

A practice air raid alert will be held here next Tuesday. On receipt of the "red" signal, the public is asked to take shelter. Auxiliary police will be on hand and the fire department will carry out its dispersal orders.

Something of a new record was set at the annual fishing derby at Hussey's Pond last Saturday. Not a single trout was hooked by the 201 youngsters. The Sportsman's Club, which runs the event, was at a loss to understand the event, because the pond was stocked 10 days before.

A petition for a motel on South Main st. has been denied by the Board of Appeals. The Board had denied a similar request for a location on the By-Pass.

The annual Memorial services will be held Sunday at the 10 o'clock Mass at St. Augustine's Church. All veterans groups and veterans in the town are invited to attend this traditional service.

## Score Well In Iowa Testing

The results of the Iowa Tests of  
Basic Skills, given in January to  
students of Andover Junior High  
School, have been released by Wil-  
liam Hart, principal. The results  
show that these students attained  
averages considerably above the  
national norm in all areas tested.

The average Andover seventh  
grade student scored one year and  
one month above the national aver-  
age, placing the grade at a level  
superior to 96 percent of the  
schools that took the nation-wide  
test.

In grade eight, the students  
scored slightly over one year above  
the national average, placing the  
students better than 94 percent of  
the schools taking the test for that  
grade.

All averages are reported in  
terms of grade equivalents,  
carried to a single decimal point,  
and in percentiles. An average  
grade equivalent of 86.1, for ex-  
ample, on a section of the test,  
indicates performance typical of  
school children slightly beyond the  
end of the sixth month of the eighth  
year. The first digit represents the  
grade, and the second digit rep-  
resents the month.

The Grade 7 scores: vocabulary,  
88.5; reading, 84.7; spelling, 84.1;  
capitalization, 94.4; punctuation,  
88.1; language usage, 88.2; total  
language, 88.7. Work study skills:  
maps, 82.7; graphs, 83.7; refer-  
ences, 85.6; total, 84.

Arithmetic skills: concepts, 82.4;  
problems, 81; total, 81.7.

Eighth grade scores: vocabulary,  
98.8; reading, 94.1; spelling, 90.1;  
capitalization, 99.8; punctuation,  
90.1; language usage, 93.9; total  
language, 93.5. Work study skills:  
maps, 93.8; graphs, 90.9; refer-  
ences, 97; total, 93.9.

Arithmetic skills: concepts, 93.5;  
problems, 89.6; total, 91.6.

A profile of each pupil's scores  
has been forwarded to his parents  
with the report card at the end of  
the third marking period. Parents  
are encouraged to contact the prin-  
cipal's office or the guidance office  
for discussion of interpretation of  
scores and results.

## PF Advisor Is Seeking Degree

Miss Emily B. Preston, advisor to the Senior Pilgrim Fellowship of the Free Church, is an interesting young woman.

A graduate of Boston University in 1961 with an AB degree in English Literature, Miss Preston studied the following year at the Anglican Theological School, Rugby, England, during which she spent a month at a London hospital and performed a month's service at the Glasgow, Scotland, as part of field work.

During the summer of 1962, she visited many European countries. In August of that year she joined a World Council of Churches Workshop in Berlin, Germany, where 25 young people from different countries built a documentary and landscaped about 10 acres of land. She also worked as a parish worker in an Episcopal Mission Church in Boston's South End.

At present, she is a student at Andover-Newton Theological School, studying for a BD degree and ordination to the pastorate. She finds working with young people of the Free Church a delightful part of her present field work.

## Count Noses Before Buying Food For Your Block Party

By Vivian Newill

From all reports, Andover is blossoming with Fourth of July holiday spirit.

The thought of an old-fashioned neighborhood get-together seems to hold a great deal of appeal to many townspeople. As discussed

last week, the first step is to arouse interest, then write a letter stating proposed intentions to the town manager or Board of Selectmen.

The next step is to decide who wants to be included and start

counting noses.

The biggest problem is deciding how much food is needed. An easy menu to follow is that of charcoal broiled hamburgers and frankfurters, rolls, a bulky dish (such as potato or macaroni salad or baked beans), tossed salad, desert and beverage. Have one person in charge of purchasing meat and preparing it, another to purchase rolls, mustard, etc. and paper cups, napkins, etc. On large orders, discount prices are generally available. Have each family planning to attend bring one large-sized main dish, 1/3 bringing bulky food and salads, 1/3 deserts and 1/3 beverages. Watermelon is an appropriate dessert but think of the mess. You may wind up with watermelons growing on your front lawn!

The menfolk enjoy acting as chefs and three or four grills (don't forget charcoal and lighter) are adequate. Chefs hats are easy to construct from white tissue paper and white poster cardboard.

Buying the right amount of meat

requires some thought. Bear in mind that one pound of hamburger makes about five or six patties and one pound of franks contain about eight or nine "dogs". In counting noses, take special note of their size. Little ones usually eat about one dog, while big, robust ones require seconds on everything, even thirds.

Next week, we will discuss entertainment, location, collecting funds and the like. If you have any questions or suggestions, give me a call.

## 6 Members Are Appointed

All but one appointee has been confirmed on the new capital expenditures committee.

Appointed to the seven-member committee have been Town Manager Thomas E. Duff, Supt. of Schools Edward I. Erickson, Richard Moody, president of the Taxpayers Association, Harry Axelrod, Herbert L. Ortstein and Robert McAnern.

One other appointment will be made, according to the Board.

## Nursery School Held Open House

The West Parish Nursery School held open house May 17 for the children who will attend the school next year.

The boys and girls had a gay time playing with the toys and equipment, and meeting the new teacher.

Next year the school will be under the direction of Mrs. Edward A. Romeo of Andover. Mrs. Romeo is well qualified for this position. She attended Brockport State Normal School in Brockport, N.Y., the Ann Reno Teacher Training Institute in New York City, and has a Bachelor of Science degree from Columbia University, majoring in "Early Childhood Education".

Mrs. Romeo has taught kindergarten in East Islip, L. I. and Nursery Schools in Patchogue, N. Y., Annapolis, Md. She also taught kindergarten in North Andover. The Board of Trustees announced that Mrs. Clayton Crotch will remain on the staff as Mrs. Romeo's assistant.

Mrs. William Russell, who has been the director of the school since 1959 when it was started, will soon be leaving for St. Louis, Mo. Graduation exercises will be held June 13.

Building Committee  
In Progress Report

A progress report has been made by John N. Murray of Summer st., chairman of the Free Christian Church Building Committee.

Mr. Murray has announced that since the annual meeting in January, the Committee has been very active. Archibald D. MacLaren, A.I.A., of Andover has been engaged as architect. Mr. MacLaren has done considerable church construction work.

The Building Committee, comprised of the following members in addition to Mr. Murray, has visited many church structures in the past month: George Gliss, Robert Zollner, Wilson Neisser, Lester T. Newill, Carl Fitzgerald, Walter Swenson, Walter Downs, William MacKenzie and the Rev. J. Allyn Bradford.

Various Church Committees have submitted reports on individual space requirements and an attempt will be made to incorporate these needs where possible. The process is slow but the Committee is endeavoring to keep those interested informed as to future developments as best it can.

ANDOVER - ARE YOU ready to play musical houses - to the tune of \$36,500? It took three months of hard looking to find our dream house when we transferred about a year ago. I wanted practical economy coupled with lots of space and three bedrooms. My wife wanted a glamorous neighborhood in a beautifully wooded area, accessible to schools and shopping - and she wouldn't hear of cess-pools! We both got what we wanted. If you can afford the tab, you won't have to compromise either. We're ready to play musical chairs, musical houses and generally play ball to give immediate occupancy. 475-2511. m23

### Will Sponsor Talk On "Superstitions"

The Visiting Nursing Committee of the Lawrence General Hospital will sponsor a lecture "Superstitions", by Mrs. Kathleen Emerson Blaney, Wednesday, June 5, at the home of Mrs. Edward C. Nichols, 246 Highland rd.

The affair will begin with morning coffee at 10 o'clock, and a food table will offer a variety of home-cooked foods.

Mrs. Francis E. Blaney of Methuen is a graduate of Bradford Academy and Wheaton College. She has spent many years in the study of antiques and related subjects. She has served as a past chairman of the Division of Preservation of Antiques of the Massachusetts State Federation of Women's Clubs. Her lectures have been presented before Women's Clubs, Historical and Patriotic Societies, College and Church Groups. She is a member of the National Early American Glass Club and the China Students' Club of Boston and has spoken before the latter.

Her lecture, "There's A Reason For It", tells the fascinating stories of the superstitions, customs, and catch phrases which have been so much a part of the lives of us humans that we have ceased to ask "Why?" In an amusing and informative manner one learns what lies behind our habits, customs and superstitions. The lecture is illustrated with an exhibit of articles about which superstitions have gathered.

Mrs. Edward C. Nichols is chairman; ticket chairman, Mrs. George

B. Westhaver; food table, Mrs. Richard G. Whipple, chairman with Mrs. Herbert H. Veit, Mrs. Lloyd T. Howells, Mrs. Albert E. Jewell and Mrs. Ruth Myhaver.

Other members of the General Committee are Mrs. A. B. Sutherland, ex officio, Mrs. James K. Dow, Mrs. Edwin L. Bramley, Mrs. Walter C. Tomlinson, Mrs. Harold W. Leitch, Mrs. Dean K. Webster Jr., Mrs. George F. Redman and Mrs. William G. Kurth.

### TAKE PART IN BALLET DEMONSTRATION

Two Andover residents are among those taking part in the performance at the Harvard Square Theater, Cambridge this Saturday morning, May 25, at 11 a.m., when the Cambridge School of Ballet, together with members of the Cambridge Ballet Theatre, will present a demonstration of ballet techniques and two original ballets. They are Felicity Colby, daughter of Dr. and Mrs. Thomas Colby of Clinton, N. Y., a student at

Abbot Academy and Melissa Mundy, daughter of Mr. and Mrs. Edward Mundy, 125 Dascomb rd.
